

CLIMATE CHANGE COMMITTEE

Worksession Agenda

January 24, 2007

7:00 p.m.

Magnolia Conference Room, Giles Horney Building
UNC Offices Complex

Martin Luther King Boulevard at Airport Drive, Chapel Hill, NC

1. **7:00** **Welcome**
Elected Officials

2. **7:05** **Purpose of Tonight's Worksession**
David Stancil

3. **7:10** **Options for Public Input**
Staff (ICLEI by conference call?). Please see Attachment 1. Key questions: How and when do we want to solicit public input? Who is our audience? Do we want to inform public, or solicit feedback on pros and cons of strategies? What format for input sessions?

4. **7:45** **Further Coordination with UNC and Town of Chapel Hill CRed Initiative**
Staff. How will CCC strategies mesh with CRed commitments.

5. **8:10** **Future Schedule / Next Steps**
Please see Attachment 2 for a possible schedule of remaining activities.

6. **8:30** **Preliminary Discussion – Implementation Issues**
Part of the discussion at our February meeting will be about the setting of reduction targets. From those, strategies will be crafted to meet the targets. But there are unresolved questions about how implementation will then proceed, as a multi-jurisdictional effort. For example, will those strategies be implemented by all jurisdictions? Will some be countywide and some specific to individual jurisdictions? Who will approve the strategies? The CCC may wish to start discussion of these topics.

7. **8:55** **Status of Durham Inventory/Action Plan**

8. **9:00** **Adjournment**
