6:45pm

5. Revolving Loan Policy Review – J. Hartman-Brown

6:55pm

6. Informal Discussion and Announcements

7:00pm

7. Adjourn

Decision Making for Town Priorities

Racial Equity

- What are the racial impacts?
- Who is or will experience burden?
- Who is or will experience benefit?
- What are the root causes of inequity?
- What might be the unintended consequences of this action or strategy?

Climate Action

- Will this decision now or in the future affect the climate or GHG emissions?
- Over the next 20 years, what are the impacts on: invasive species, water quality, stormwater control, utilities, erosion, fossil fuel use, land-use changes, and carbon sequestration?
- Is there a positive impact on GHG emissions - such as creating renewable energy, reduce consumption of GHGs, conserve land or wildlife, or educating people about environmental problems?
- Can modifications be made to adapt resilient strategies or mitigate negative impacts on the climate?
