PURPOSE

Sprint has applied for a minor modification to the Crown Castle Telecommunications Tower Conditional Use Permit located at 515 South Greensboro Street (see **Attachment C**). The proposed minor modification will consist of additional antennas at the existing 141 foot array and additional equipment within the building at the base of the tower. The town staff recommends that the Board set a public hearing for May 22, 2007 for consideration of a minor modification to the original CUP.

INFORMATION

Per Section 15-176 (15) of the Land Use Ordinance (LUO), additional antenna arrays located on existing towers must be approved through the minor modification process. This particular cellular tower was approved by the Board of Aldermen at their November 10th, 1992 meeting with several conditions (see **Attachment B**). The last modification to the cellular tower, which consisted of an antenna addition, was approved by the Board of Aldermen at their March 21st, 2006 meeting.

Per the original CUP conditions, a public hearing must be held and all property owners and residents within 200 feet of the tower shall be notified by mail for any additions to this cellular tower (see **Attachment B**).
